

ALUS GLOBAL

Global Ship Repair and Docking Solutions

2025

About Us

- ▶ **Our Commitment and Expertise**

At ALUS Global, we are committed to delivering superior maritime services that prioritize crew safety, environmental protection, and maximize commercial benefits for vessel stakeholders.

- ▶ Established by maritime professionals with over 70 years of collective experience, we understand the complex needs of the maritime industry.

- ▶ **Driving Industry Excellence**

ALUS Global leverages its deep industry knowledge and technological capabilities to drive innovation and excellence in maritime services and repairs.

- ▶ We are dedicated to upholding the highest standards of service, ensuring that we not only meet but exceed the expectations of our clients.

About Us

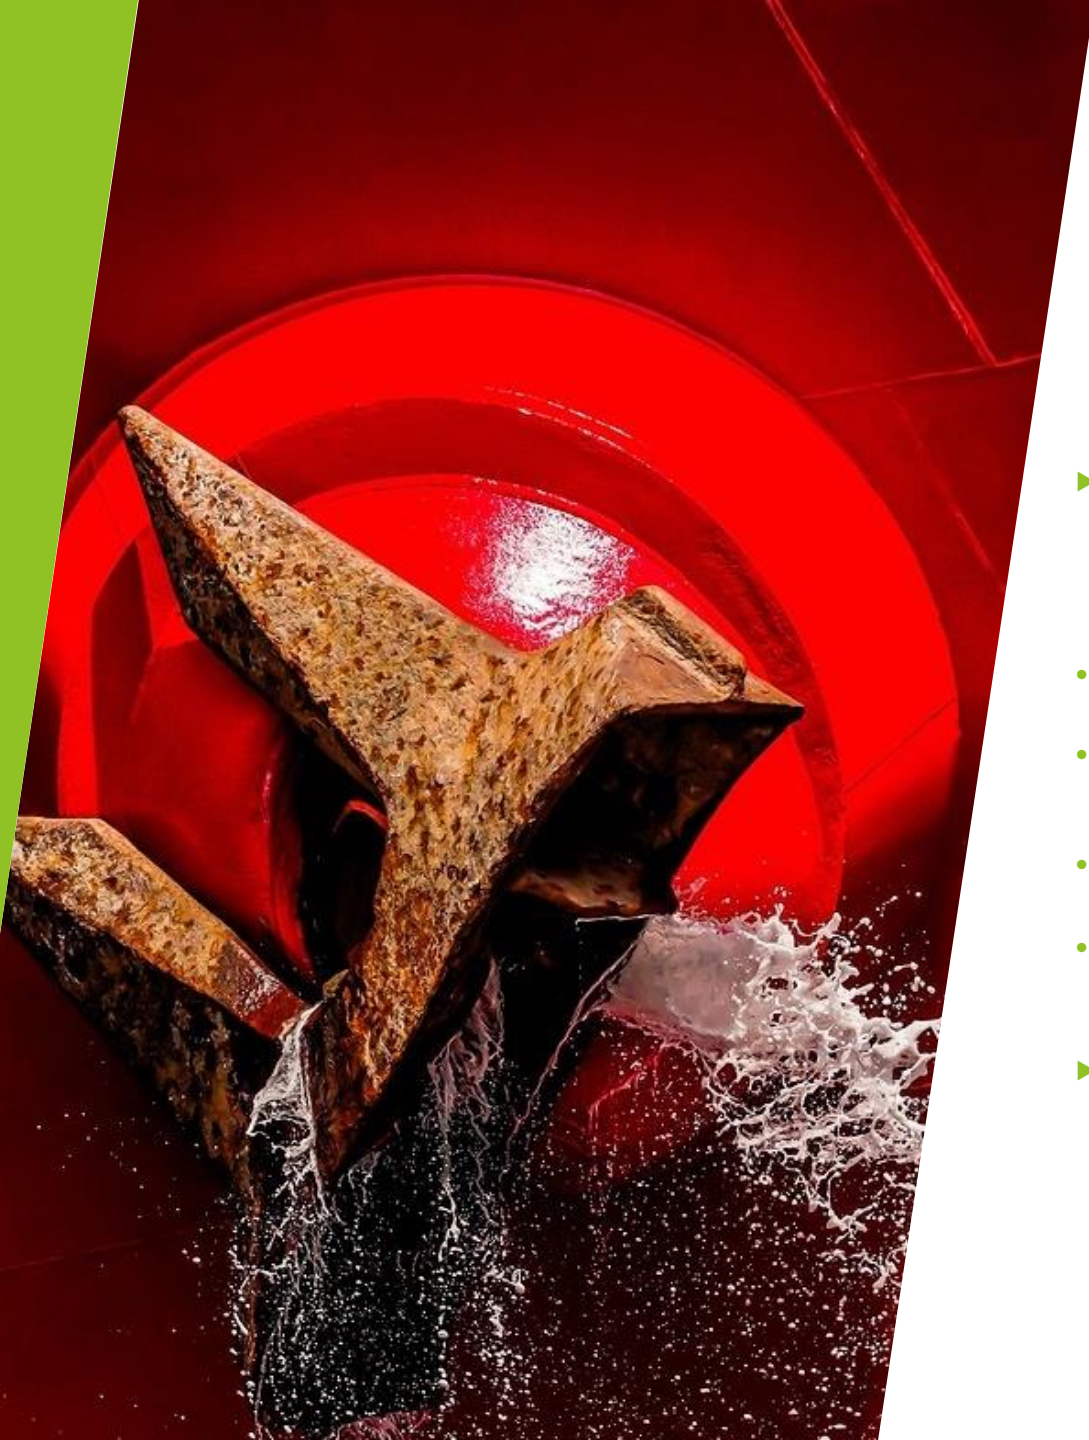

- ▶ **Dedicated to Sustainability and Safety**
Our core philosophy centers on sustainable practices that safeguard the environment while enhancing the operational efficiency of our clients' vessels.
- ▶ By continuously evolving our practices and solutions, we aim to contribute positively to the maritime industry and the communities we serve.
- ▶ **Strategic Location and Global Reach**
Positioned at the major hubs, Hong Kong, Spore, Rotterdam, and supported by strategically located branch offices and workshops ALUS Global is uniquely equipped to offer efficient and responsive services across the globe.
- ▶ Our accessibility in key maritime routes enhances our ability to serve our clients promptly and effectively.

Our Values

- ▶ **Professional Team**
ALUS Global is powered by a seasoned team of maritime professionals, including Master Mariners, Chief Engineers, and Superintendents.
- ▶ Each team member brings a wealth of experience and specialized knowledge essential for maintaining the seaworthiness, cargo-worthiness, and safety of our clients' vessels. Our expertise ensures that all operations are carried out with the utmost precision and care.
- ▶ **Certified and Skilled Workforce**
We pride ourselves on our robust pool of over 50 class-certified fitters and engineers, all holding valid seamen books, enabling them to join any vessel, anywhere, anytime for afloat repairs. This flexibility and readiness underline our commitment to responsive and uninterrupted service.
- ▶ **Industry Recognition**
Our expertise and commitment to excellence have not only earned us critical certifications but also the trust and reliance of the maritime community. By maintaining these high standards, ALUS Global continues to lead in providing superior maritime repair and service solutions.

► **Accredited Excellence**

At ALUS Global, we adhere to the highest standards of quality and safety in the maritime industry, as demonstrated by our comprehensive ISO certifications:

- **ISO 9001:2015** - Quality Management Systems
 - **ISO 45001:2018** - Occupational Health and Safety Management Systems
 - **ISO 14001:2015** - Environmental Management Systems
 - **ISO 10002:2014** - Quality Management – Customer Satisfaction Guidelines
- These certifications, together with various class certifications, ensure that we meet rigorous industry requirements and are recognized for our systematic approach to quality, safety, and environmental management.

Our Services

- ▶ Our expansion has enabled us to extend our top-quality, client-oriented services to a diverse clientele, including Ship Owners, Ship Management Companies, Charterers, Commercial Operators, and Ports.
- ▶ We specialize in providing tailored solutions that meet the dynamic demands of the maritime sector, ensuring that every client receives the highest standard of service.

- ▶ **Slipway 2:** 80m x 12m - 800t pulling cap

Shipyard Supervision

- Oversight of shipyard operations to ensure quality and efficiency
- Regular updates and reports to clients

Cargo Hold Cleaning Solutions

- ▶ The efficiency of a bulk carrier is vastly accounted to its cargo holds and the volume of cargo it can carry, a key part of which is cargo hold cleaning.
- ▶ Sweeping out the hold and washing it down may be acceptable for one type of cargo, but may not be effective for another. Understanding exactly what is required is essential.
- ▶ Our mission is simple yet profound: to provide you with the highest quality of hold cleaning services worldwide, all from a single and reliable source.

Our Strength

- ▶ **Global Coverage**
- ▶ **On-Voyage Repair Services**

Understanding the importance of schedule adherence for our clients, our on-voyage repair services are designed to minimize downtime.

Our fitters/technicians can board at any port or en route, performing necessary repairs without necessitating a detour or off-hire period. This approach not only keeps the vessel operational but also optimizes the economic benefits to ship owners and managers by ensuring timely performance.

- ▶ **Class-Certified Fitters and Technicians**

Our team comprises over 50 class-certified fitters and technicians, each skilled in their respective fields and equipped to join any vessel, globally.

This capability ensures that we can provide timely on-voyage repairs anywhere in the world.

Why Choose Us?

Choosing ALUS Global means partnering with a service provider that:

Reliability: Emphasize your track record of reliable service.

Quality Assurance: Detail your commitment to quality and customer satisfaction.

Speed: Highlight your ability to provide quick turnarounds on repairs.

Comprehensive Solutions: Stress how you offer a one-stop solution for ship repair and maintenance needs.

Ensures your vessels remain in compliance with international standards and regulations.

Reduces potential delays through efficient, economical and effective service delivery.

Enhances the operational longevity and efficiency of your fleet.
